CalWORKs Program Guide: C. Immunization

COUNTY OF SAN DIEGO HEALTH & HUMAN SERVICES AGENCY - CALWORKS PROGRAM GUIDE

Effective Revision Date: 2026-01-01

Section 1

COUNTY OF SAN DIEGO HEALTH AND HUMAN SERVICES AGENCY
CALWORKS PROGRAM GUIDE ? SECTION 42-100: NON-FINANCIAL ELIGIBILITY
TITLE: C. IMMUNIZATION REQUIREMENTS

Section 2

1. POLICY BACKGROUND & PURPOSE
California law (Welfare and Institutions Code Section 11265.8 and CDSS MPP EAS 40-105.4) requires applicant and recipient families receiving CalWORKs cash assistance to provide verification of age-appropriate immunizations for all dependent children under six years of age to promote public health and disease prevention.

Section 3

2. DETAILED REGULATORY STANDARDS & TIME LIMITS
? Mandatory Verification: Parents or caretaker relatives must provide documentation that each child under the age of six has received all required vaccinations according to California Department of Public Health guidelines.
? Timeframe for Verification: Applicants have 30 calendar days from the date aid is granted to provide immunization records. Active recipients must re-verify at each annual redetermination until the child reaches age six.
? Statutory Good Cause Exemptions: Immunization verification is waived when: (1) Immunization is contrary to the family's sincere personal beliefs; (2) A licensed physician certifies that vaccination is medically contraindicated for the child; or (3) The family demonstrates good cause due to lack of local clinic availability or severe hardship.
? Financial Sanction Penalty: If an adult fails to provide immunization verification or claim good cause within the allowable timeframe, the adult's needs are removed from the assistance unit (financial sanction), reducing the monthly grant until compliance is established. The child's aid is never terminated.

Section 4

3. CASEWORKER OPERATING PROCEDURES & VERIFICATION CHECKLIST
? Notice Generation: Issue the Immunization Information Notice and Verification Request (CW 2200) upon intake or when a child turns one year of age.
? Document Review: Acceptable verifications include yellow California Immunization

Record (CIR) cards, clinic printouts, or electronic California Immunization Registry (CAIR) records.

? Sanction Imposition & Curing: If verification is not provided by the deadline, issue a 10-day Notice of Action reducing the cash grant. Cure the penalty immediately upon receipt of proof or signed good cause declaration.
