Revision:
03/01/2021

Background:
A household classification identifies the type of application being processed.

Purpose:
This section describes household classification policies. The purpose of this material revision it to reformat the section and due to sunset review.

Policy:
The classification of the CalFresh household determines numerous factors in the evaluation of eligibility, such as verification requirements and certification periods. The different categories of household classifications are detailed below. The presence of a non-household member, such as a Foster Care / Approved Relative Caretaker (ARC) child or an ineligible noncitizen, has no effect on the household's classification.

1. Household Classifications

The table below defines the different CalFresh households:

A household that during any month . . .	Will be classified as . . .
at least one member: • does **not** receive federal CalWORKs benefits, • receives State CalWORKs benefits, or • does **not** receive Supplementary Security Income (SSI)	Non-Assistance CalFresh (NACF)
all members are receiving: • federal CalWORKs benefits, including two-parent family benefits, • SSI, or • Tribal TANF (Temporary Assistance to Needy Families) [ACIN I-34-05]	Public Assistance CalFresh (PACF)
there are members receiving federal CalWORKs and members who receive non-federal CalWORKs cash aid or members receiving no aid.	Mixed CalFresh household (A mixed household is considered a NACF household)

NOTE: For purposes of family reunification, parents, although ineligible for cash aid, will be considered a PACF household based on the children's temporary absence from the home and the parent's receipt of CalWORKs family reunification services.

2. Other CalFresh Household Classifications

Other CalFresh classifications include Categorical Eligibility (CE) and Modified Categorical Eligibility (MCE). Refer to 63-120 for more information on these classifications
