Elderly Simplified Application Project (ESAP)	**Number**	**Page**
	63-360	1 of 3

Revision Date:
10/01/2025

Background:
ESAP is a set of waivers that simplify the CalFresh application and recertification process for Non-Assistance CalFresh (NACF) households in which all members are age 60 or older or disabled. The goal is to increase CalFresh participation among eligible households by simplifying the application and recertification process.

Purpose:
This section details eligibility criteria and interview requirements for ESAP households. This section is being updated due to sunset review and to include the CalFresh Elderly Simplified Application (CF 485).

Policy:
A CalFresh household is considered ESAP when all members are aged or disabled (including ineligible or excluded household members) and have no earned income. Upon approval of CalFresh, ESAP households are assigned a 36-month certification period and are not required to complete the Eligibility Status Report (SAR 7).

The following waivers apply only to ESAP households:
- Recertification interview waiver.
- Data matching waiver to reduce customer provided verifications.
- Certification extension waiver.
- SAR 7 waiver.

1. Application

The CF 485 is a single signature CalFresh application designed specifically for use by ESAP households and is available in the Eligibility Forms Library. The CF 485 includes only required questions that are relevant to ESAP households.

Note: An ESAP eligible household may apply for CalFresh using any of the acceptable applications, refer to CalFresh Program Guide (CFPG) 63-103.

2. Interview Requirements

An interview is required at initial application. If the household is determined to meet ESAP criteria, document in the case record, and inform the household that a recertification interview is not required.

Recertification interviews are waived for ESAP households, unless one of the following applies:
- ESAP household requests an interview.
- Information provided on the application for recertification will result in a denial.
- Information supplied by the household is questionable, incomplete, or contradictory.

Note: A copy of the Statement of Facts containing all information used to determine eligibility along with the Statement of Facts Notification (09-105 HHSA) form must be sent to the household when processing an ESAP recertification, even if an interview was not required.

3. Verifications

Electronic resources, such as Income Eligibility Verification System (IEVS), Payment Verification System (PVS), and Medi-Cal Eligibility Data System (MEDS) must be used to the greatest extent possible, refer to CFPG 63-117.

4. Reporting Requirements

For ESAP households, a Changes for Cash Aid and CalFresh (SAR 2) form will be sent to the household in the 12th and 24th months of their 36-month certification period. These households are not required to submit a SAR 7. If an ESAP household submits a SAR 7, it will be treated as a voluntary mid-period report.

5. Losing ESAP Eligibility

Households that are no longer eligible for ESAP will remain in their current 36-month certification period until it ends. At recertification, an interview will be required. If the household is still eligible for CalFresh, they will be placed in a 12-month or 24-month certification period, depending on their circumstances.

Note: When the household loses ESAP eligibility, Semi-Annual Reporting requirements will resume, refer to CFPG 63-272.

6. ESAP Notices

Each household will be mailed a Notice of Expiration of Certification (NEC) in the month prior to the last month of the certification period. The following notices will be sent based on the ESAP case circumstances:

Notice	Description
CF 377.2B – CalFresh Notice of Expiration of Certification for Households with Only Elderly and/or Disabled Members.	ESAP households that are not required to complete a recertification interview.
CF 377.2C – CalFresh Notice of Expiration of Certification for Households with Only Elderly and/or Disabled Members.	Former ESAP households that are required to complete an interview.
CF 377.2D – CalFresh Notice of Status Change for Households with Only Elderly and/or Disabled Members.	The customer reports a change that would result in the household no longer meeting ESAP eligibility.

Other Program Impacts:

No impacts.
