Revision Date:
November 1, 2023.

Background:
An unrelated adult (UA) is defined as a person who is age 18, or older, who is not related by blood or marriage to any member of the family. This definition applies to both the male and female UA.

Purpose:
This section provides instructions on the treatment of UA contributions. The purpose of this revision is to reformat this section to current standards, and to renumber this section from CalWORKs Program Guide (CPG) 44-100.J to 44-100.E. No policy or procedure changes have been made. Section CPG 44-100.J becomes obsolete with the issuance of this revision.

Policy:
Required Contribution
Refer to CPG 43-100.B Responsible Relative section for the requirement of when an UA must make a contribution to the CalWORKs family.

Net Income Contribution
The net income to the assistance unit (AU) from an UA is the sum of:
- Cash given to the AU for the specific purpose of meeting need items of the AU.
- The value of full items of need provided in-kind to the AU.

An item is not considered to be provided in-kind to the AU if the AU is receiving this full item of need in exchange for the AU providing the UA with a different need (such as when the UA and aided parent agree that the UA will pay the rent if the customer pays for food and utilities, the AU is not receiving in-kind income for housing).

Excluded Cash Contribution
Disregard cash given to the AU by the UA when it is designated for:
- Non-need items (such as money for transportation, movies, etc.) of the AU or others.
- Meeting the needs or expenses of the UA, the UA's children, or other person in the home that the UA is supporting.
- The UA's share of living expenses as agreed to between the UA and the CalWORKs parent.
- Any other amount the UA states is not available to the AU.

These exclusions apply regardless of the amount of cash involved.

Note: If the UA and customer have a joint bank account, all money in the account is an available resource to the customer. If the funds exceed the resource limits, ineligibility occurs.

Pooled Income
When the income of the UA is pooled, the UA's income is treated as net cash given to the AU.

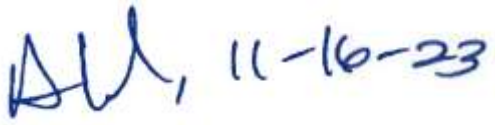

Impacts:
None.

Procedure:
None.

References:
Eligibility Assistance Standards (EAS) 43-109, 44-113.4.

Sunset Date:
This policy will be reviewed for continuance by November 30, 2026.

Approval for Release:

Rick Wanne, Director
Self-Sufficiency Services
