	44-100.G	1 of 2

Effective Date:
April 1, 2026

Background:
The Income and Eligibility Verification System (IEVS) is a mandated system used for CalWORKs. IEVS uses a customer's name and Social Security Number (SSN) against various databases to verify income and eligibility for CalWORKs.

Purpose:
The purpose of this material is to provide the policy related to IEVS matches.

Policy:
IEVS Report Components
There are two components to IEVS: Applicant IEVS (A-IEVS) and Recipient IEVS (R-IEVS). IEVS matches must be processed within 45 days from the date the match is received, with the exception of the CYA, DPM, NPM, and closed cases. IEVS matches received for cases in closed status must be processed within 12 months from the run date or date of receipt, whichever is later. Any IEVS match received on a closed case beyond 12 months must be dispositioned as no impact. All actions taken must be documented in the case record.

An A-IEVS must be requested within 5 days of the initial interview, at least 15 days prior to the redetermination (RE) and anytime a new individual is added to the case.

Completion of IEVS Match Processing
For active cases, (a case is considered active if the customer is receiving aid when the county receives the IEVS match abstracts), the IEVS matches are considered "Completed" when the worker has either established the overpayment by the quarter after the quarter in which the discrepancy was "Discovered/Identified" or determined that no discrepancy exists based on the customer's reporting requirements. The determination must be documented in the case record.
