County of San Diego, Health and Human Services Agency (HHSA)
CalFresh Program Guide Special Notice

Supplemental Security Income (SSI) and State Supplementary Payment (SSP) Cost of Living Adjustment (COLA)	Number	Page
	CalFresh 24-01	1 of 2

Effective Date:
01/01/2024

Background:
All Supplemental Security Income (SSI) and State Supplementary Payment (SSP) recipients received a Cost-of-Living Adjustment (COLA) effective on January 1st, 2024.

Policy:
The amount of the SSI and SSP income received by a household (HH) was adjusted automatically in CalSAWS effective January 6th 2024. Any changes in the benefit allotment will take effect February 2024. The following reports have been generated to identify cases that require review:

Name of the Report	Description
Cases or Individuals Discontinued by Batch Eligibility Determination and Benefit Calculation (EDBC) Process	Cases that when EDBC ran due to the automatic COLA adjustment the case or an individual was discontinued.
Excluded Other Public Assistance Records	Cases where the SSI/SSP amounts were not automatically updated.
Unprocessed Cases	EDBC could not run to apply the intended changes.

Actions Required:
For all reports staff are required to review the Medi-Cal Eligibility Data System (MEDS) and Income and Eligibility Verification System (IEVS) to ensure the correct SSI/SSP amounts are reflecting accurately in CalSAWS. All reviews and actions taken must be documented in the case record.

For cases on the **Cases or Individuals Discontinued by Batch EDBC Process** report take the following actions:

If the discontinuance is …	then …
valid,	ensure an accurate Notice of Action (NOA) was sent. If the NOA was inaccurate or was not sent, generate the appropriate notice, and send to the HH.
invalid,	review the case and make any necessary updates. Once updated run EDBC, review the budget, accept and save (authorize) EDBC results, review NOA(s) for accuracy, and send to the HH.

For cases on the **Excluded Other Public Assistance Records** report take the following actions:

If the SSI/SSP income …	then …
has already been updated to the current amount,	ensure an accurate Notice of Action (NOA) was sent. If the NOA was inaccurate or was not sent, generate the appropriate notice, and send to the HH.
has not been updated to the current amount,	manually update the record(s) to reflect accurate SSI/SSP amounts. Once updated run EDBC, review the budget, accept and

	save (authorize) EDBC results, review NOA(s) for accuracy, and send to the HH.

Note: This report will be generated monthly to assist in identifying cases with an upcoming Eligibility Status Report (SAR 7) or recertification.

For cases on the **Unprocessed Cases** report take the following actions:

If EDBC …	then …
was run January 7th or later,	no action is required.
has not been run since January 6th,	review the case and make any necessary updates. Once updated run EDBC, review the budget, accept and save (authorize) EDBC results, review NOA(s) for accuracy, and send to the HH.

Excluded Income:
The following payments must be excluded from the CalFresh budget:

- Retroactive SSI/SSP payments or lump sums received.
- Recoupments from SSI/SSP.
- Transitional CalFresh (TCF) cases will not have SSI/SSP amounts updated until TCF period ends.

Please refer to 63-224 for additional information on excluded income.
