Effective Date:
February 1, 2025

Background:
San Diego County's Earned Income Tax Credit (EITC) campaign continues to provide services annually. These materials are provided to supplement EITC outreach efforts and are revised to reflect changes each tax year.

Purpose:
The purpose of this Special Notice is to provide revised federal EITC, California EITC (CalEITC) as well as other tax credit income limits, maximum credit amounts, and their impact on self-sufficiency programs. This material also provides resources to assist customers to access tax credits for which they are potentially eligible.

Policy:
Age and General EITC Eligibility
California tax filers may qualify for either federal and/or state EITC depending on their income, age, and number of children. Refer to Appendix B for income limits and credit amounts.

Federal EITC Eligibility:
- Have earned income and adjusted gross income within certain limits but must be at least $1.
- Have a valid SSN.
- Meet qualifying child rules if any dependent children are claimed.
- Live in the United States for more than half the tax year.
- Requires the Schedule EIC form available on the EITC webpage or by calling the Internal Revenue Service (IRS) at 800-829-1040.

CalEITC Eligibility:
- Available to qualified tax filers ages 18 to 65 without qualifying children or any age with qualifying children.
- Have a valid Social Security Number (SSN).
- Have earned income and adjusted gross income of at least $1 and less than $31,950.
- Meet qualifying child rules if any dependent children claimed.
- Live in California for more than half the tax year.
- Requires the Franchise Tax Board (FTB) 3514 form available on the CalEITC website or by contacting the FTB by phone at 800-852-5711.

Note: California taxpayers may qualify for state credits even if they do not qualify for federal credits.

Foster Youth Tax Credit (FYTC)
Eligible current and former foster youth who file their California state tax return and claim the FYTC will receive up to $1,154 in tax credits. The credit amount is adjusted for inflation annually and phases out

gradually as income rises above $31,950. The FYTC is awarded per eligible individual. An individual may qualify for FYTC if they meet **all** the following criteria:

- Qualify for the CalEITC.
- Age 18 through 25 at the end of the 2024 tax year.
- In foster care at age 13 or older and placed through the California foster care system.

Expanded Young Child Tax Credit (YCTC)

For the 2024 tax year, the YCTC has been increased to $1,154 per family. To qualify, families must:

- Have at least one child under six years old at the end of the tax year.
- File a California state tax return.
- Meet the CalEITC eligibility criteria.

Beginning with the 2022 tax year, earned income is no longer a requirement for eligibility to YCTC. However, eligible families must still meet CalEITC and YCTC requirements. If filing for prior years, customers must have at least $1 of earned income to qualify.
