Revision Date:
March 2, 2020

Background:
A person may be eligible to Medi-Cal coverage under one of the categories described in this section. A person who applies for Medi-Cal must have eligibility evaluated according to the category to which the person is linked following the Medi-Cal hierarchy. The categories are listed according to the Medi-Cal Hierarchy.

Purpose:
This section has been re-written in the new format and revised to include Affordable Care Act (ACA) information.

Policy:
Mega Mandatory
Mega Mandatory groups are those that are categorical programs required by federal law or where eligibility is determined by another program that automatically includes Medi-Cal.
