Hospital Application Referrals	Number	Page
	04.03.01	1 of 1

Revision Date:
11/01/2019

Background:
Hospitals identify and refer individuals to HHSA to apply for Medi-Cal, and/or County Medical Services (CMS) benefits. Referrals are made for inpatients who are identified as having little or no insurance to pay for medical expenses. Included in the reformatting, this section is being updated to align with the application requirements in MPG 04.02.

Policy:

A. Hospital Referral
Applications initiated by hospitals are electronically submitted to the county for processing, except those identified as meeting the diligent search requirement.

Note: Applications requiring a diligent search are submitted to the county via secured email or designated fax.

B. Confidentiality
When requested, limited information can be provided to the hospital/provider without a signed written authorization by the beneficiary to release information. Staff **must** follow the regulations in MPG 02.01.06, for releasing information concerning applicants' or beneficiaries' eligibility.

C. Referral Path
The applications received from hospitals are forwarded to Hospital and Community Support Services (HCSS) for an eligibility determination. These applications are evaluated according to the Medi-Cal hierarchy. MPG 04.22
