Revision Date:
September 1, 2026

Background:
Beneficiaries must have a renewal (RE) completed every 12 months to evaluate ongoing Medi-Cal eligibility.

Purpose:
This section is revised for the sunset review; no policy or procedures have been changed.

Policy:
Medi-Cal customers must have their eligibility renewed every 12 months. The Affordable Care Act (ACA) of 2010 changed the process to allow for automated annual REs, a 90-day cure period for failure to provide, advancement of the annual RE due date when a change in circumstances (CIC) occurs, and the required use of pre-populated RE forms.

Modified Adjusted Gross Income (MAGI) Administrative Renewal
Two months prior to the RE due month, an administrative process takes place when California Statewide Automated Welfare System (CalSAWS) sends Electronic Health Information Transfer (eHIT) transactions to the California Healthcare Eligibility Enrollment, and Retention System (CalHEERS) to initiate the electronic verification process for MAGI RE. If CalHEERS confirms eligibility, CalSAWS will:

- Receive eligibility results from CalHEERS along with a Notice of Action (NOA).
- Authorize the case during the overnight batch process.
- Advance the RE date to 12 months from the original RE month.
- Generate a journal entry.

If CalHEERS does not confirm MAGI eligibility for all household members, CalSAWS will generate and send the pre-populated Medi-Cal Renewal form (MC 216) to the customer approximately 60 days prior to the renewal due date.

Renewal Packet Required
A renewal packet is required for Non-MAGI cases and MAGI cases that do not auto-renew. The customer or person authorized to act on their behalf must complete the renewal forms and provide the verifications necessary to redetermine eligibility. Refer to Medi-Cal Program Guide (MPG) section 04.15.03 for information on the forms required at RE.

Information to be Verified
The following information must be verified at RE:

- Disability or blindness that is not previously known (when determining Non-MAGI linkage).
- Legal responsibility for a child applying alone.
- Countable income based on programs evaluated.
- Status and value of non-exempt property for Non-MAGI customers.
- Immigration status (if a change is reported).

Staff must not request information that is not relevant to ongoing eligibility or was previously provided and not subject to change such as date of birth, SSN or United States (U.S.) citizenship. Original documents are not required. Photocopies of all verifications are acceptable.

Telephone Information
RE information may be obtained over the phone as long as it is clearly documented in the CalSAWS case. A telephonic signature is required and the customer must be informed that they are making their statements under the penalty of perjury.

Social Security Number (SSN)
It is not necessary to re-verify the SSN at RE. However, if the customer's SSN was not previously verified electronically, the customer will be given 30 days to provide verification or proof of application for the SSN.

Citizenship
When a customer reports a change in their citizenship status at RE, verification is required when ex parte or electronic verification is unavailable. Completion of the RE will not be delayed and the customer will be allowed a 90-day reasonable opportunity period (ROP).

Income Eligibility Verification System (IEVS)
An IEVS report will only generate during annual RE or CIC when there is a discrepancy. When a Recipient IEVS is received, staff must determine whether it matches the information provided by the customer. If there are no discrepancies, no further action is required. If the information does not match, staff will follow up with the customer to obtain verifications. Refer to Medi-Cal Processing Guide 19 - Fraud Prevention.

Adding a Person
Customers may add a person to their Medi-Cal case at RE by completing the appropriate section on the RE form or by providing the individual's information over the phone. The information is entered in CalSAWS and run against the Hub (if applicable). An ex parte review must be completed prior to requesting paper verifications.

Splitting Cases
When a household member (such as an adult child) leaves the home or begins filing their own taxes, it becomes necessary to split them from the original case and open them on a case of their own. The individual who is being placed on a separate case must remain active while eligibility is redetermined.

Procedure:
Medi-Cal Renewal procedures can be found in Processing Guide 01 - Medi-Cal Annual Renewals and Change in Circumstances Redeterminations.

Program Impacts:
None

Change in Circumstances Redeterminations	Number	Page
	04.15.02	1 of 2

Revision Date:
September 1, 2026

Background:
A Change in Circumstances **(**CIC) redetermination is completed when the county receives information about a change to a customer's circumstances that may affect their eligibility for Medi-Cal benefits. This information might be reported by the customer or come from another source such as the CalFresh and California Work Opportunity and Responsibility to Kids (CalWORKs) programs, Covered California, the Social Security Administration (SSA), Asset Verification Reports (AVP), or the Income Eligibility Verification System (IEVS).

Purpose:
This section was added to provide guidance on CIC regulations including the latest renewal (RE) completion flexibility for hard-to-reach populations.

Policy:
CIC Redetermination Criteria
The following circumstances require a CIC redetermination:
- A customer reports a change (e.g. income, tax filing status) outside of their regular annual RE that requires a reevaluation of Medi-Cal eligibility.
- Eligibility is evaluated for another program and the information can be used to determine Medi-Cal eligibility.
- There is a change in citizenship or immigration status.
- A customer loses eligibility to a particular Medi-Cal category, e.g. aged out of Modified Adjusted Gross Income (MAGI), Supplemental Security Income (SSI), or CalWORKs.

Hard to Reach Individuals
Staff must complete a CIC redetermination and advance the RE date whenever contact is made with a hard-to-reach customer who confirms the information in their case is current and correct. Examples of hard-to reach individuals include those who are:
- Unsheltered or without a fixed address.
- Aged, Blind, or Disabled.
- Victims of natural disaster.
- Living in remote areas.
- Incarcerated individuals.
- Migrant workers.

Non-MAGI CIC
To advance the annual RE date for Non-MAGI customers, current information and verification for both income and property are required. When a Non-MAGI customer reports a change in income that we are able to confirm through another case, but there is no current property information available, the income will be updated for Medi-Cal but the RE date will not be advanced. Staff will not request property verifications until renewal.

CalWORKs Discontinued for No RE
When a family is discontinued from CalWORKs for failure to complete the annual RE, they are placed

on Aid Code 38, pending a Medi-Cal CIC redetermination. The following actions are required to complete a Medi-Cal evaluation:

- Complete an ex parte review prior to requesting information from the customer.
- Obtain the Request for Tax Household Information (RFTHI) form by phone or mail.
- Run the family through the California Healthcare Eligibility, Enrollment, and Retention System (CalHEERS) Business Rule Engine (BRE) to complete the redetermination.

Note: If unable to obtain by phone, staff must mail the RFTHI during the month after CalWORKs discontinuance and allow 60 days for return of the RFTHI.

The RE month is set to 12 months after the month of CIC determination for Medi-Cal only.

Consumer Protection Programs

The annual RE date will **not** be reset when a customer is already active or is placed into the following consumer protection programs because of the CIC:

- Continuous Eligibility for Children (CEC).
- Deemed Infants.
- Transitional Medi-Cal (TMC).
- Continuous Eligibility (CE) for Pregnant Women.

Procedure:

Medi-Cal RE procedures can be found in Processing Guide 01 – Medi-Cal Annual Renewals and Change in Circumstances Redeterminations.

Program Impacts:

Automation

See CalSAWS Tip - Medi-Cal Change in Circumstances Redetermination.

References:

ACWDLs 06-16, 06-17, 07-12, 08-03, 11-30, 11-23, 20-17, 25-16
MEDIL I 25-13

Sunset Date:

This policy will be reviewed for continuance by August 31, 2029.

Approval for Release:

Alberto Banuelos, Ph.D., Interim Director
Self-Sufficiency Services

Revision Date:
September 1, 2026

Background:
The annual renewal (RE) is a full eligibility review that is conducted once every 12 months. The RE month in California Statewide Automated Welfare System (CalSAWS) is generally set 12 months from the first day of the application month. However, if the applicant is not Medi-Cal eligible in the month of application, the RE month is set 12 months from the approval month. The approval month is the first month in which the applicant meets all eligibility criteria.

A change in circumstances (CIC) redetermination is completed when information is received from the customer or another program that can be used to establish ongoing Medi-Cal eligibility.

Purpose:
This section is revised for the sunset review; no policy or procedures have been changed.

Policy:
Setting the RE due month
The RE date is set to 12 months from the month of approval. When Medi-Cal household members have different initial eligibility months, the RE month will be set based on when the first member was determined eligible.

Disability Determination Services Division (DDSD) Applicants
When an applicant claims a disability and no other Medi-Cal linkage exists, a disability packet must be sent to DDSD for evaluation. If DDSD confirms the applicant's disability, the annual RE date will be set to 12 months from the first month of Medi-Cal eligibility.

Categorically Eligible (CE)
Parents receiving Medi-Cal only benefits through their California Work Opportunity and Responsibility to Kids (CalWORKs) case are not required to complete a separate Medi-Cal only annual RE as long as they cooperate with all requirements and complete the CalWORKs annual renewal.

CalWORKs Approved
When a family has Medi-Cal only and later applies and is approved for CalWORKs, the RE date will be set to12 months from the CalWORKs application month for any family members that remain Medi-Cal only.

Deemed Eligible Infants
Infants who are receiving Medi-Cal under Deemed Eligibility (DE) will have their RE month set to that of other Medi-Cal household members. If there are no others receiving Medi-Cal only, the RE due month will be set to the month of the infant's first birthday.

Transitional Medi-Cal (TMC)
Individuals receiving Medi-Cal under TMC are not required to complete an annual RE while they are receiving TMC benefits. A redetermination of eligibility for other Medi-Cal programs must be completed

by the last month of the TMC period. Refer to Medi-Cal Program Guide (MPG) 05.07 – Transitional Medi-Cal. The RE month will be set as follows:

If...	then...
all Medi-Cal Family Budget Unit (MFBU) members are receiving TMC and their annual RE is due **before** their TMC period expires,	the RE month is the last month of the TMC period. Example: Original RE month: 07/11 TMC expires: 10/11 New RE month: 10/11
all MFBU members are receiving TMC and their annual RE is due **after** their TMC period expires,	the original RE month remains.
all MFBU members are receiving TMC with different TMC expiration dates,	the RE month is the last month of the TMC period that will end first. • This RE month will apply to all other MFBU members. • At the end of the other MFBU member's TMC period, eligibility must be redetermined for that individual using information from the existing case.
some MFBU members are receiving TMC and others are not,	the RE month of the other non-TMC MFBU members will be applied.

Actions that do not Change the RE Month
Once the RE month is established, the following events will not change it:

- Customer submits the RE packet within 90 days after Medi-Cal has been terminated AND is found eligible.
- Customer submits the RE packet more than 90 days after discontinuance date, but good cause exists AND benefits are restored without a break in aid.
- The packet is returned and processed within the two months prior to the RE month.

Procedure:
Medi-Cal RE procedures can be found in Processing Guide 01 - Medi-Cal Annual and Change in Circumstances Redeterminations.

Sunset Date:
This policy will be reviewed for continuance by August 31, 2029.

Approval for Release:

Alberto Banuelos, Ph.D., Interim Director
Self-Sufficiency Services

Revision Date:
September 1, 2026

Background:
Renewal (RE) information is requested using forms that may be completed by phone, in person, or electronically, including telephonically recorded signatures as well as handwritten signatures transmitted via fax or email.

Purpose:
This section is revised for the sunset review; no policy or procedures have been changed.

Policy:
Acceptable Annual Renewal RE Forms
Federal law requires that annual RE forms are pre-populated with case information that customers are asked to confirm or update if inaccurate. Accept any of the following forms as the Statement of Facts (SOF) for the annual RE process.

Form Number	Used For
MC 216	Modified Adjusted Gross Income (MAGI) cases that do not auto renew. California Statewide Automated Welfare System (CalSAWS) will send the MC 216 to the customer.
MC 210 RV	Non-MAGI cases including Long Term Care (LTC).
MC 217	Cases that include both MAGI and Non-MAGI aid types (mixed households).
MC 250 A	Former Foster Youth (FFY) who are turning 26 years old.
SAWS 2 Plus	Accepted as a substitute for any of the above annual RE forms.

Annual RE Packet
The table below identifies forms that must be included in the Medi-Cal annual RE packet:

Form Number	Title
MC 019	MC Information Notice – Medi-Cal Information for Beneficiaries
RE Statement of Facts	Medi-Cal Annual Renewal Form, based on the specifics of the case
MC 219	Important Information for Persons Requesting Medi-Cal
16-64 HHSA	Voter Preference Form
Voter Registration	CA Voter Registration Form
Pub 13	Your Rights Under California Public Benefits Program Pamphlet
MC 372	Breast and Cervical Cancer Treatment Program (BCCTP) Brochure
GEN 1365	Notice of Language Services
Envelope	Postage Paid Envelope
09-98 HHSA*	CalFresh Flyer for Medi-Cal (for non-LTC cases)
CF 285*	Application for CalFresh Benefits (for non-LTC cases)
14-116 HHSA*	Medi-Cal Redetermination Packet Coversheet
20-44 HHSA*	Civil Rights Information
16-157-A HHSA	Text Message Service Agreement
N/A*	San Diego Gas and Electric CARE Program Application

* Indicates county required forms

Mailing Date

The first step in the annual RE process is to complete an ex parte review. MAGI cases will run against the federal data hub as part of the ex parte review. When verifications are required after the ex parte review, the Medi-Cal Annual Redetermination Notice and annual RE packet are automatically mailed to the customer at least 60 days prior to the RE due date.

Due Date

The annual RE form is considered "timely" if the County receives it by the last day of the RE month.

Forms for Non-MAGI and Low-Income Subsidy (LIS) Extra Help Households at RE

The Non-MAGI Screening Packet includes the forms below and is provided to Non-MAGI and LIS Extra Help Medi-Cal customers including those who are subject to a property evaluation.

Form Number	Title
Pub 10	Non-MAGI Medi-Cal Programs Brochure
MC 604 IPS	Additional Income and Property Information Needed for Medi-Cal
MC 007	Medi-Cal General Property Limitations
DHCS 7077	Notice Regarding Standards for Medi-Cal Eligibility
DHCS 7077-A	Notice Regarding Transfer of a Home for Both a Married and Unmarried Applicant/Beneficiary
	APTC/CSR Brochure – "Covered CA Can Help You Get Affordable Health Coverage"
	Postage paid pre-addressed return envelope

Procedure:

Medi-Cal RE procedures can be found in Processing Guide 01 - Medi-Cal Annual and Change in Circumstances Redeterminations.

Program Impacts:

None

Sunset Date:

This policy will be reviewed for continuance by August 31, 2029.

Approval for Release:

Alberto Banuelos, Ph.D., Interim Director
Self-Sufficiency Services

Revision Date:
September 1, 2026

Background:
Customers must return annual renewal (RE) information electronically, telephonically or through the mail.

Purpose:
This section is revised to include the latest RE completion flexibility related to ex parte.

Policy:
RE Returned Timely
When the customer returns the RE forms or provides the information timely (by the last day of the RE month), staff must review them to determine whether additional information/verifications are needed to complete the eligibility determination.

Additional Information is Not Needed:

If …	**then …**
there are no changes reported and on-going eligibility exists,	• the case is certified for a new 12-month period based on the **original** RE month. • the Medi-Cal Eligibility Data System (MEDS) must be reviewed after the RE is complete to ensure the most recent RE information is transmitted to MEDS.
the customer is determined ineligible to Non-Modified Adjusted Gross Income (MAGI), **or** any MAGI group,	refer to Medi-Cal Program Guide (MPG) 04.15.06 for additional guidance on cases transitioning between MAGI and Non-MAGI.
reported changes result in the customer(s) moving from zero share of cost (SOC) to SOC Medi-Cal or a SOC increase,	• the new or increased SOC is applied on the 1st of the month for which timely notice can be given, • the customer must be provided with a notice of action (NOA) about the restoration and the change to SOC, • MEDS must be reviewed after the RE is complete to ensure the most recent RE information is transmitted to MEDS.

If the customer returns incomplete forms after the NOA cutoff date but prior to the last day of the RE month, the failure to provide discontinuance must be rescinded. The customer will be notified that benefits are restored and processing of the RE must continue.

Ex Parte RE Packet Requirement Flexibility
This flexibility allows staff to complete the annual RE via ex parte (if successful), even after an RE packet is sent to a Medi-Cal customer. If able to verify any missing or pending information, the RE can be completed without waiting for the customer to sign and return the form.

Note: This flexibility may only be applied if there is a positive or no change to eligibility. A negative action cannot be taken based solely off an ex parte review without verification.

Complete Forms but Additional Information Needed
When the customer returns the RE forms timely and additional information/verifications are needed, complete an ex parte review, attempt to obtain a reasonable explanation to clarify income discrepancies, and request missing information/verifications using the Medi-Cal Request for Information form (MC 355). Allow 30 days for the return of additional information/verifications.

Returned within 90 days of RE Discontinuance Date
When the RE packet is returned within 90 days after the discontinuance date (for example, RE due July 2025, RE packet submitted August 10, 2025), staff must review and determine whether the customer provided all necessary information and remains Medi-Cal eligible before rescinding.

If the RE packet is incomplete or only partial information is received during the 90-day cure period, a courtesy call must be made to inform the customer of what is still missing (a MC 355 **is not** issued). The discontinuance will only be rescinded if the verifications are received prior to the end of the period and the customer remains Medi-Cal eligible.

Returned more than 90 days after RE
When the RE packet is returned more than 90 days after the discontinuance date, Medi-Cal will not be restored unless it is determined the customer had good cause for not submitting the information timely and remains eligible for Medi-Cal.

Good cause includes but is not limited to:
- Customer is unable to read or complete the RE forms without assistance because they are not available in the written language they understand.
- The postal service failed to deliver the RE packet in a timely manner.
- Physical/mental illness or incapacity prevented the customer from submitting the forms in a timely manner.

Refer to Medi-Cal Program Guide (MPG) 04.21 for general information on good cause.

RE Not Returned
When a customer fails to return the forms or provide the information to the county by the last day of the RE month and the packet was not returned by the post office as undeliverable, the case will automatically discontinue on the last day of the RE month.

Note: Two contact attempts are required prior to discontinuing for failure to cooperate with annual RE.

RE Returned as Undeliverable
When the RE packet is returned undeliverable by the post office, staff must make reasonable attempts to contact the customer. Prior to discontinuing the case, staff will:
- Complete an ex parte review of the information available in the various systems for the customer and immediate family members* to determine the most current contact information.
- Mail the MC 355 and allow the customer 30 days to provide if ex parte is unsuccessful.

- Attempt to contact the customer by phone, or their preferred method during the 30 days.
- Complete a detailed journal entry that includes the following:
  - The date mail was sent/returned.
  - The document that was returned.
  - The address that was used.
- Image a copy of the Returned Mail Notification or the return envelope and its contents into the California Statewide Automated Welfare System (CalSAWS) case.

Note: For purposes of the eligibility determination, immediate family members are defined as any of the individuals who make up the Medi-Cal household. To use an address provided by immediate family members, it must be more recent than the one already on file.

If the MC 355 is undeliverable or not returned by the customer, the case must be discontinued and a NOA sent that contains the missing information needed to determine eligibility, including a valid address.

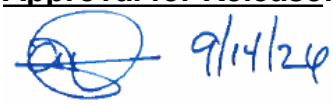

If the customer's whereabouts become known, the RE packet must be sent to the new address with 30 days allowed for return.

Procedure:
Medi-Cal RE procedures can be found in Processing Guide 01 - Medi-Cal Annual and Change in Circumstances Redeterminations.

Program Impacts:
None

References:
ACWDLs 06-16, 07-24, 14-15, 14-18, 14-22, 16-23, 19-17
MEDIL I 25-12

Sunset Date:
This policy will be reviewed for continuance by August 31, 2029.

Approval for Release:

Alberto Banuelos, Ph.D., Interim Director
Self-Sufficiency Services

Revision Date:
September 1, 2026

Background:
Customers who are no longer eligible for Medi-Cal under their current program must be evaluated for all other programs following the Medi-Cal hierarchy prior to being referred to Covered California.

Purpose:
This section is revised for the sunset review; no policy or procedures have been changed.

Policy:
Soft Pause
Customers must be evaluated for **all** Non-Modified Adjusted Gross Income (MAGI) programs before they are discontinued from MAGI Medi-Cal and referred to Covered California.

During the evaluation, individuals will remain in their existing MAGI aid code to the extent possible. This is referred to as a "Soft Pause". The purpose of the Soft Pause is to protect the customer from an adverse action while they are being evaluated for Non-MAGI or other Consumer Protection Programs (CPP), including:

- Continuous Eligibility for Children (CEC).
- Deemed Eligible Infants (DE).
- Transitional Medi-Cal (TMC).
- Continuous Eligibility for Pregnant Women.
- Former Foster Youth (FFY).
- 4-Month Continuing Medi-Cal.

If for some reason the customer cannot be left in their existing aid code, they must be placed in aid code 38 for full scope or 58 for restricted benefits until the evaluation is complete.

Individuals will enter Soft Pause due to a:

- Move from MAGI to Advance Premium Tax Credits/Cost-Sharing Reductions (APTC/CSR).
- Move from non-premium MAGI to premium MAGI.
- Move from full scope MAGI to restricted scope MAGI.
- Move from full scope MAGI to Pregnancy Related Medi-Cal.
- Loss of MAGI eligibility for reasons such as turning 65 years old, becoming Medicare eligible, or an income increase that puts them over the income limits.

The Soft Pause will be lifted **after** the Non-MAGI or CPP eligibility evaluation is completed.

If the customer indicates they only want to be evaluated for Covered California, they must be run through the California Healthcare Eligibility, Enrollment, and Retention System (CalHEERS) Business Rules Engine (BRE) to determine eligibility. If the individual is found eligible, the Soft Pause will be lifted. The customer may contact the Covered California Service Center at (800) 300-1506 for assistance with completing the plan enrollment process.

Non-MAGI Medi-Cal Evaluation

To determine Non-MAGI eligibility, an ex parte review must be completed using all available information. When ex parte is successful, the customer will be evaluated for Non-MAGI and approved if eligible. When the customer is ineligible to Non-MAGI or would have a share of cost (SOC), they must be referred to Covered California.

If eligibility cannot be determined through ex parte, the Non-MAGI Screening Packet for Beneficiaries must be mailed to the customer allowing 30 days for return:

Form Number	Title
Pub 10	Non-MAGI Medi-Cal Programs Brochure
MC 604 IPS	Additional Income and Property Information Needed for Medi-Cal
MC 007	Medi-Cal General Property Limitations
DHCS 7077	Notice Regarding Standards for Medi-Cal Eligibility
DHCS 7077-A	Notice Regarding Transfer of a Home for Both a Married and Unmarried Applicant/Beneficiary
	APTC/CSR Brochure – “Covered CA Can Help You Get Affordable Health Coverage”
	Postage paid pre-addressed return envelope

The customer must be contacted at least once after mailing the packet, to remind them to return the information. A detailed journal entry is required.

If the MC 604 IPS information is not received after 30 days, MAGI Medi-Cal will be discontinued with a timely Notice of Action (NOA) and the Soft Pause released. The customer will be referred to Covered CA and evaluated for APTC/CSR as appropriate. If the customer provides the information prior to it taking effect, the discontinuance will be rescinded and a Non-MAGI evaluation completed.

Individuals have the option of having only SOC Medi-Cal, SOC Medi-Cal **and** Covered California, or only Covered California. Customers who choose to discontinue their SOC Medi-Cal will be mailed a timely discontinuance NOA.

Note: SOC Medi-Cal does not meet Minimum Essential Coverage (MEC).

Customers Discontinued from Non-MAGI Medi-Cal

Individuals who are no longer eligible to Non-MAGI as a result of an annual renewal (RE) or change in circumstances (CIC) redetermination must be evaluated for MAGI Medi-Cal prior to discontinuance if potentially eligible. This includes an ex parte review to determine if the tax household information is available in the case record. If this information is not available, a Request for Tax Household Information (RFTHI) form must be sent and the customer allowed 30 days to provide.

When there is no eligibility to MAGI, the CalHEERS BRE will not be run.

RFTHI

The RFTHI can be completed by phone, in person, or electronically. Telephone recorded signatures as well as handwritten signatures transmitted via fax or email are accepted. The customer is not required

to submit any supporting documentation with the completed RFTHI form. The form is only to acquire information to be verified through the federal data hub and available state data sources. Documentation will only be required if the:

- CalHEERS BRE response does not verify the information.
- Electronic verification through the BRE finds the information not reasonably compatible.
- Information cannot be verified via an ex parte review.

When the RFTHI information is provided, staff will run the case through the CalHEERS BRE and either:

- Approve MAGI if the customer is determined eligible or,
- Refer to Covered California if the customer is not eligible to MAGI and discontinue the Non-MAGI Medi-Cal with timely notice.

RFTHI is Missing Information or Not Returned

If the RFTHI is provided, but there is not enough information to determine MAGI eligibility, the Medi-Cal Request for Information (MC 355) must be sent and the customer given 30 days to provide.

If the customer does not return the RFTHI or provide the information during the 30-day period staff will:

- Complete an ex parte review to attempt to verify the information.
- Contact the customer by their preferred method of communication (phone or mail) and provide a 10-day deadline following the contact.
- Document the attempted contact with a detailed journal entry.
- Discontinue the customer with timely notice if not received.

Customers have a 90-day cure period to provide the information.

Information that is Not Reasonably Compatible:

When the CalHEERS BRE returns results that are not reasonably compatible (for example, income) and the information is not verified via ex parte, staff will send the MC 355 to request paper verifications and allow the customer 30 days to provide.

During the 30-day period, the customer must be contacted at least once via their preferred method of communication (phone or mail) to remind then to return the information. A detailed journal entry is required.

If the information is provided prior to the discontinuance date, staff will rescind the discontinuance and evaluate for MAGI. When the information is not received, staff must attempt to contact the customer to obtain the information and if unsuccessful, discontinue with timely notice.

Procedure:

Medi-Cal RE procedures can be found in Processing Guide 01 - Medi-Cal Annual and Change in Circumstances Redeterminations.

Program Impacts:

None

References:
ACWDLs 14-15, 14-18, 14-22, 16-18, 16-23, 17-35, 19-17, 20-22

Sunset Date:
This policy will be reviewed for continuance by August 31, 2029.

Approval for Release:

Alberto Banuelos, Ph.D., Interim Director
Self-Sufficiency Services

Revision Date:
September 1, 2026

Background:
A mixed household is defined as a household with at least one member who is receiving Modified Adjusted Gross Income (MAGI) Medi-Cal benefits and at least one member who is receiving Covered California (CA) benefits. Medi-Cal customers have their annual renewal (RE) set for 12 months from their initial application date or most recent redetermination of eligibility. Covered CA re-determines eligibility for the next benefit year during the annual open enrollment period.

Purpose:
This section is revised for the sunset review; no policy or procedures have been changed.

Policy:
Annual RE Due Date MAGI vs Covered CA
Annual MAGI Medi-Cal and Covered CA REs and are separate processes that may not occur concurrently depending on the Medi-Cal RE month. The Covered CA portion of the mixed household population will have their benefits renewed every January while the Medi-Cal portion will be renewed at the annual RE due date. If the RE dates are not aligned, any changes reported on the case via the Covered CA RE will be reported to the Medi-Cal program as a change in circumstances (CIC) for the MAGI customers.

Annual RE for Mixed Households with the Same Date
For mixed households with the same due date, the Medi-Cal annual RE process will initiate the RE for both the MAGI and Covered CA programs.

Annual REs for Mixed Household with Different Dates
When a Medi-Cal RE occurs prior to the Covered CA RE, the transaction will be treated as a CIC for the Covered CA program. The RE information will be sent electronically from California Statewide Automated Welfare System (CalSAWS) to the California Healthcare Eligibility, Enrollment and Retention System (CalHEERS) and CalHEERS will update the customer's Covered CA account. Those who remain eligible and enrolled in a Covered CA plan will go through the Covered CA annual RE process once it occurs.

If the Covered CA RE occurs prior to the Medi-Cal RE, the Covered CA RE will be treated as a CIC for Medi-Cal eligible case members. Any new information received by Covered CA as part of their RE will be sent electronically to CalSAWS.

County Responsibility for Mixed Household Processing
Counties are responsible for Medi-Cal eligibility determinations and ongoing case management for mixed household cases. Covered CA customers who belong to a mixed household may complete their annual RE using several methods, including:

- Completing it online in CalHEERS.
- Contacting the Covered CA service center.
- Contacting the County.

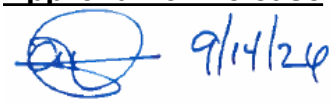

Note: Covered CA staff are only able to complete Covered CA related information for the RE but will refer customers to the county if there are any changes reported that impact Medi-Cal eligibility.

Procedure:
